SIX SENSES SUSTAINABILITY STORY
SUSTAINABILITY AT ITS HEART

WHAT IS SUSTAINABLE LUXURY FOR US?
WE CREATE PLACES THAT RECONNECT PEOPLE

The Six Senses brand was born from the belief that to live is to connect. Experiencing true connection means detaching from life’s distractions so that we can awaken our senses and open our hearts and minds to the truth of our feelings, each other, nature and the power of now.

Our enduring vision remains as strong as ever:

To help people reconnect with themselves, others and the world around them.
As Six Senses expands, we consistently demonstrate that wellness and sustainability are at the heart of what we do. Our DNA can be successfully replicated across a broad property portfolio, from our original rustic vibe to edgy design and urban splendor.

That’s because, with Six Senses, reconnection can happen anywhere: on a remote private island, snowy mountain hideaway, desert dune, lush forest, rugged tundra, wine estate or in the middle of a lively lounge in the city.
In our humble way, we can say that we bring a Six Senses community to our spaces and places. This reflects our emotional hospitality and the way we combine the natural magic of each location – whether a city block, fort, island villa, finca or quinta – with our optimistic and compassionate attitude to everyone.
THROUGH LOCALITY

While maintaining a global outlook, we are rooted in local concerns and cultures. Our operations work with artisans, farmers, producers and suppliers who live nearby. Our guests don’t just observe local culture, they immerse in it, and ultimately become part of it.
AND, WHAT CAN WE SAY, THROUGH LOVE

We are thoughtful about what we are doing and why, and how we impact our physical world and those around us.

Sustainable properties call for extraordinary creativity and design, they need to be good quality and they need to be made from exceptional materials. Far from being a barrier, taking an ecological and sustainable approach to our developments and operations adds meaning, drives innovation, enhances local socio-economic development and creates a hospitality offering that our guests trust and love.
SUSTAINABILITY AT ITS HEART

**PEOPLE**
Focusing on local communities

*Sharing the stories* of our suppliers and local history

Host commitment in activities and gatherings

**PLANET**
Maintaining and protecting wildlife and nature

Growing our own food and making our own water

Farming and best practices to garbage and waste

**PROFIT**
Aiming to achieve Zero Waste with resources

Practicing the three R’s (reduce, reuse and recycle)

And the last R – Refuse
HOW WE CREATE A COMMITMENT TO SUSTAINABLE LUXURY?

- VP Sustainability part of Ex. Com.

- Human Resources
- Reporting
Sustainability Fund

The Six Senses Sustainability Fund is collected on each property, for use locally, via the following channels:

- 0.5% of Revenue
- 50% Water sales
- 100% Soft toy sales
- 100% Donations

The Fund is to be used on **LOCAL COMMUNITY** and/or **ENVIRONMENTAL PROJECTS**. They are **NOT** to be used for projects or initiatives on which benefits the property.
Sustainability at Its Heart

Projects Making Wildlife and Community Impact

Sea Turtles
Six Senses Con Dao
2,375 endangered sea turtle hatchlings
853 guests participated

Iguanas
Six Senses Fiji
32 critically endangered iguanas protected, population increase = 8 babies

Endangered Monkeys
Six Senses Ninh Van Bay
106 Black-shanked Douc Langur monkeys monitored and protected

Marine Conservation
Six Senses Laamu
655,000 square meters seagrass habitat protected
6 seagrass species protected
1.25 million people educated and engaged

Plastic Free Bali
Six Senses Uluwatu
615 kg of trash collected and 111 hours of volunteering

Clean Drinking Water
Six Senses Ninh Van Bay
376 community members with access to clean drinking water and sanitation

Community Outreach
Six Senses Laamu
1,089 students with access to skills training and education with EKU EKY

Women Education
Six Senses Zighy Bay
583 students with improved access to education 3 local jobs created
Earth Lab

The heart of Sustainability. Earth Lab is a FOH space dedicated to engagement and innovation. Design must provoke interest from guests and inspire action towards creative solutions.
Sustainability is *who we are* and what we want to express to our guests, hosts, and the community around us in many ways.

- Workshops and activities.
- Where garden production is processed;
- Homemade natural product.
- Where we communicate our impacts and efforts;
Moving towards zero waste and using existing resources we can focus on Profit.

Almost 1M of plastic bottles avoided by purifying, mineralizing and bottling drinking water.

Over 35 thousand kilograms of organically farmed vegetables

More than 69 thousand eggs laid by happy hens
OWNERSHIP TAKEN BY
EVERYONE
COMMUNITY OUTREACH, HOST ACTIVITIES & EDUCATION
